**WSPL Elite Level & Worldclass Freeski Event**

**Absolut Park Flachauwinkl**  
**March 14 - 18, 2020**

## RIDERS INFO

Spring Battle is a World Snowboarding Elite Level & AFP Gold event and Europe's biggest onmountain contest. There's **overall prize money of 132.000 US-Dollars** waiting.

## CONTEST FORMAT

Spring Battle will be a Slopestyle contest held over the duration of 5 days (4 hours each). Male and female snowboarders and freeskiers will take part in the unique follow-cam jam session together. You can team up to shoot your best run during one or several of the contest days – the video of your best run will be judged on the last day.

## CATEGORIES

Snowboard Women	Freeski Women
Snowboard Men	Freeski Men

## JUDGING CRITERIA

Only the run featured in the video will be judged. The **overall impression** is very important, but the run will be judged obstacle by obstacle. Judges will have an eye on variety, execution, landing, amplitude, style and progression. Nevertheless, there are also a few criteria for filming to make sure judges can do their job properly:

- **no cuts or editing** allowed
- judges will have to **see the rider all the time** (not only during a trick but also on the way to the obstacle)
- take off and landing are especially important to be seen well in the video
- every rider will be judged individually and get WSPL points according to his ranking

## SPRING BATTLE PRIZE PURSE SPLIT SYSTEM

The Spring Battle is an open competition for all riders in the categories Snowboard women, Snowboard men, Freeski women and Freeski men. In the past years the levels of the rider fields from category to category were very different. One or two categories had very hard competitions with up to 80 people in the field with 5 or more riders from top 10 of the world ranking. While other categories only had 5 participants in total. Obviously it is not fair to pay the same amount of prize money with the same split, if this is the case. This is why we have developed this money split system. The system splits the prize money pot according to the strength of the rider field. To define the strength of the rider field we have selected 15 so called "high rollers". Depending on the number of confirmed "high rollers", the pot gets split. The cut off date for confirmation of the "high rollers" is **March 7th 2020**. The current split and the pot per category will be presented here every day, so all riders know what to expect. The confirmed riders must upload their run to [my.spring-battle.com](http://my.spring-battle.com) not later than March 18th 3pm 2020. After that the pot left to split will be split. The minimum amount of confirmed riders and uploaded runs per category is 5 and no matter how the split turns out USD 132.000 will be paid in total. If 10 or more "High Rollers" are confirmed the minimum amount of prize money in the category is USD 33.000. The POT left to split on **March 7th**, will be split amongst the categories with more than 10 "High Rollers". With this system we are trying to make the prize money split as fair and transparent as possible.
