JIB KING 2021 REVIEW ^{EN}

About Jib King 21

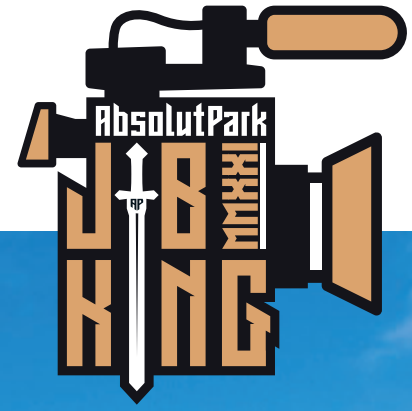

The contest season 2021|22 has started at Absolutpark with its **iconic Jib King**.

What makes it so **unique** is the fact that this event is **open for everyone**: Freeskiers and Snowboarders - Girls and Boys - Ams and Pros.

This year the Jib King took place in a **corona-safe online format** - for the online video contest, each rider filmed **one trick** on the **branded obstacles** in the Jib Park and uploaded it on their **Instagram main feed** using **#APjibking21** or **#APjibkingmaster21**.

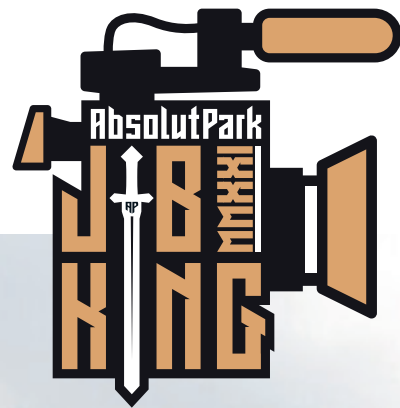

Pro riders showed their best trick on the **AP Stair Set**, Amateurs on the **new Double Kinked Tube/Rail** at the Jib Park. Masters (30 years and older) could choose one of these two obstacles.

Official Rules

Judging

JUDGING CRITERIAS

- I. Execution
- II. Difficulty (trick and rail)
- III. Landing
- IV. Risk (how much risk is associated with the trick)
- V. Progression (standard trick or only a few in the world can do it)
- VI. Creativity

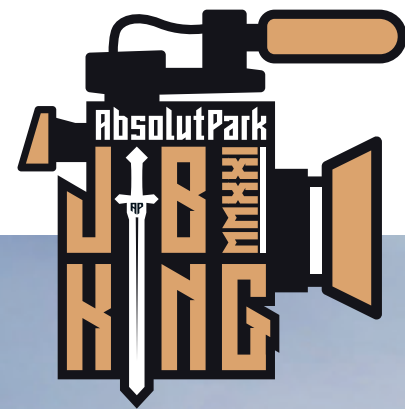

Due to the fact that Jib King 21 was a video contest, the **execution** was the most important criteria, because you have **an unlimited number of attempts**.

Another main criteria was the **cleanness, style** and creativity of the tricks.

*„This unique event format is not a classic Slopestyle contest - it's a Jib contest. This means that street tricks / jib tricks can finally get a stage.“ - **Gigi Scheidl***
